

**RESIDENT STUDENT**  
**RECREATION TRIP CONSENT**

As parent/guardian of \_\_\_\_\_, I give my permission for him/her to go on field trips planned and supervised by the Recreation staff of HMS School for Children with Cerebral Palsy throughout this school and ESY year. This means that an appropriate number of staff will be in attendance when either a single student or a group of students leave HMS School.

Evening and weekend trips under the direction of the recreation department are typically planned in advance, but they are also often spontaneously arranged to take advantage of opportunities or interests of the students that we can accommodate with a small group outing. At the last minute we may learn about a special event that could be available to our students or have tickets donated or want to take part in other trips that are judged appropriate given weather and other circumstances. In those instances, we will also try to give you advance notice, but it may only be a phone call.

I understand and acknowledge that despite the school's precaution and supervision, participation in the activities may involve some inherent risks of injury or property damage greater than that associated with a classroom-based activity, including risks associated with transportation by bus, and I consent to my child's participation with that knowledge.

I agree to indemnify HMS School for Children with Cerebral Palsy for any costs or expenses arising out of my child's participation in the activities including the cost of any medical care given my child or any expenses or fees incurred in any lawsuit arising as a result of any damage or injuries caused by or to my child in the course of his or her participation in this activity.

Trips planned as part of the day school program are planned well in advance and require individual signatures per trip. You will be notified separately by your child's teacher of the classroom or therapy field trip plans ahead of the date of any trip.
