

The Red Hill Root

January, 2021

With Gratitude

While things are a bit quieter on the farm, it gives me some time to reflect.

I am so very grateful for our strong member base. Your financial commitment before the start of the season is always heartwarming but this year with so many facing financial uncertainty, it was all the more meaningful.

Your acceptance of our modified produce distribution was greatly appreciated. I know the produce does not look nearly as beautiful when it is preboxed. Your willingness to help protect us and fellow members by washing your hands and wearing a mask was also appreciated. Even on the hardest days you smiled and cheered us on.
(Yes, I know you were smiling under that mask!)

A meager “*thank you*” does not seem adequate for the love and support that I received from you all this year. After being at the farm for seven years, many of you feel like family.

Thank you so much for your support.

~Lilley
